Het wordt naast GR2018 ook tijd om ons voor te bereiden op EP2019. Er zal weer een gezamenlijk programma samengesteld worden door alle Europese Piratenpartijen. Wil je hier aan meewerken? Meld je dan bij het bestuur.

Groet,

Steven (die er over nadenkt)

Hi!

In November started its preparation for the European Elections in 2019.

The German team is collecting those being responsible for the EU-Elections in your country.

So if you by now have somebody made responsible by now or you will do, please inform me so we can take care of of a good and fair collaboration.

A good preparation as we know is helpful in the election itself and any effort made in common might be good as well.

Best regards

Thomas
